Money and Sovereignty: An Exploration of the Economic, Political and Monetary History
of Cambodia / Jean-Daniel Gardere
Phnom Penh: National Bank of Cambodia, 2010
728p. ; 26cm.
ISBN-10: 9789996351129 (HB)
\$ 85.00

The exciting, action-filled and often brutal history of Cambodia is one of a country in

search of its sovereignty. It is also the history of a country in search of a currency uniquely its own to serve as the instrument of genuine autonomy.

This book likes these dual aspirations, the steps forward and steps backward, in pursuit of sovereignty, providing a striking correlation and points to ponder even today. At times, a "national" currency was sidelined to consolidate or preserve national power. At times, the skid-offs of sovereignty and the institutions that are its vehicle ended up damaging hopes of social and economic development on which political consensus can be based. Then the very destruction of money itself meant the radical demolition of human references and values. The features of Cambodia's new sovereignty illustrate in their own way the topicality of this interaction. Sovereignty was reacquired first in the isolation imposed on the People's Republic of Kampuchea, then with the massive assistance of those who had previously ostracized it. Now the country is left to cope with the dollarization resulting from it.

The Global Oil & Gas Bonanza: Africa's Share / Joe Asamoah

Accra, Ghana: Joasa Publications, 2011

xv. 156p. ; 21cm.

ISBN-13: 9789988144128

\$ 24.00

The Global Oil & Gas Bonanza: Africa's Share gives an overview of the global oil and gas finds within the last five years, with a focus on discoveries in Africa; especially in countries like Ghana, Uganda, Sierra Leone, Mozambique, Namibia and Madagascar. In addition, huge oil and gas finds in existing oil producing countries like Nigeria, Angola, Gabon and Cameroon have been discussed. Prospects of finding oil and gas in countries like Kenya and Tanzania have also been highlighted.
