Sex and Desire in Hong Kong / Petula Sik Ying Ho and A. Ka Tat Tsang  
Aberdeen, Hong Kong: Hong Kong University Press, 2012  
viii. 344p. ; 23cm.  
ISBN-13: 9789888139620  
\$ 30.00 / PB  
518 gm.

The anthology provides an exemplary methodological model of community-based research through the authors' studies on sexual and erotic attitudes and practices of gay men and middle-aged women in Hong Kong over the last fifteen years. This collection focuses on issues that have major scholastic contribution to the field, namely, the voices of women on issues of sex and desire, and the investigation of multiple sex relationships among Hong Kong men and women. It also addresses clinical psychological issues and sex education topics that serve to enrich the current state of sexuality studies. The book reveals the social changes, trends, movements, and processes in Hong Kong and across China, thereby highlighting the reality of coloniality and how our experience of desire/sexuality is conditioned by broad, global and socio-political forces.
