\$ 30.00 / PB

576 gm.

The secrets of the great temple and city of Banteay Chmar have been buried in this vast forestclad sandstone ruin for 800 years. Now that it is finally being restored, it is revealed as the twin-hub of the Khmer Empire under its greatest king, Jayavarman VII (1181-1219), the 47 Buddha-faced towers linking it with Angkor s 59 tower Bayon.

As well as taking the visitor on a detailed tour of the monument, the book includes a new translation of the temple's main inscription, aligned with a contemporary inscription in neighboring Champa. This recounts the lost story of how the Cambodians marshalled their army in this temple, sending it from here to conquer Champa. The campaign is also reflected in a 'newsreel' of politico-military reliefs carved into the outer gallery of the temple, lavishly illustrated here for the first time. In addition, the story surrounding the unique series of Avalokiteshvara reliefs, their partial theft and recovery are also discussed.

Banteay Chhmar was also key to the gathering and distribution of precious medicinal herbs for the world's first chain of 102 hospitals under the care of the gentle medicine Buddha Bhaisajyaguru.

From Comrades to Bodhisattvas : Moral Dimensions of Lay Buddhist Practice in Contemporary China / Gareth Fisher

Hong Kong University Press, Hongkong 2014

x. 270p.

Include Index ; Bibliography

9789888208456

\$ 50.00 / HB

530 gm.

From Comrades to Bodhisattvas is the first book-length study of Han Chinese Buddhism in post-Mao China. Supported by over a decade of ethnographic research, it provides an intimate portrait of lay Buddhist practitioners in Beijing who have embraced a religion that they were once socialized to see as harmful superstition. The book focuses on the lively debates that take place among these new practitioners in an unused courtyard of a Beijing temple, where laypersons gather to listen to the fiery sermons of charismatic preachers, and seek solutions to personal moral crises.

Spurred on by the lessons of the preachers and stories in the media, these courtyard practitioners inventively combine moral elements from China's Maoist past with Buddhist teachings on the workings of karma and the importance of universal compassion. Their aim is to articulate a moral antidote to what they see as blind obsession with consumption and wealth accumulation among twenty-first-century Chinese.

Full of engaging descriptions of the real lives of practicing lay Buddhists, From Comrades to Bodhisattvas will interest specialists in Chinese Buddhism, anthropologists of contemporary Asia, and all scholars interested in the relationship between religion and cultural change.
