Retrenchment Law in South Africa / Rochelle le Roux (Author)

LexisNexis Butterworths, South Africa 2016

9780409124163

\$ 50.00 / PB

Retrenchment Law in South Africa provides a detailed and comprehensive analysis of retrenchment law in South Africa. The author provides new, critical insight into the interplay between case law and legislative developments

The 2014 amendments to the Labour Relations Act are considered as well as the potential unintended consequences of these amendments (such as the impact of ss 198 A (b) (ii) and s 198 B (5) on an employer's ability to retrench). The book examines the meaning of the term operational requirements with extensive reference to case law and use of creative examples and hypotheticals.

Retrenchment Law in South Africa covers complex issues such as bumping and timing periods in the case of large-scale retrenchments. The author provides useful international comparisons in particular the ILO convention and the EUs Directive on Collective Redundancies. Practitioners and academics will benefit from this useful examination of retrenchment law. Who is the book aimed at? Labour law practitioners, post graduate students, union officials, commissioners arbitrators, HR Directors and judges.

Reviews in the Labour Courts / Craig Bosch (Author) , Anton Myburgh (Author)

LexisNexis Butterworths, South Africa 2016

9780409044850

\$ 80.00 / PB

Reviews in the Labour Courts is a seminal commentary work that covers the principles of judicial review in South African labour law.

Reviews in the Labour Courts covers the principles of judicial review in South African labour law. The Constitutional Court in the leading judgment of Sidumo, set out the test on review, Is the decision reached by the commissioner one that a reasonable decision-maker could not reach. Whilst the Sidumo test' appeared narrow, the CC found that CCMA awards constitute administrative action and so the constitutional standard of reasonableness suffuses s 145 of the LRA. The result is a massive body of case law which continues to grow making it difficult for busy practitioners to keep pace. Reviews in the Labour Courts provides excellent guidance for practitioners bringing and defending review applications in the Labour Courts. Every now and then a law book is written that fills a notable gap in the bookshelves of practising lawyers. This is such a book.

HIV and The Law in South Africa A Practitioners Guide / Amelia Motsepe

LexisNexis Butterworths, South Africa 2016

9780409127829

\$ 50.00 / HB

HIV and the Law in South Africa: A Practitioner's Guide is a peer reviewed work compiled by experts in their respective fields including employment law, access to healthcare and right of privacy.

Access to legal services for people living with HIV/AIDS and those that are affected is essential for effective response to epidemic. HIV and the Law in South Africa: A Practitioners' Guide is a peer reviewed work compiled by experts in their respective fields which provides an up-to-date interpretation of South African legislation, regulations, policies and case law on HIV and AIDS. It is intended as a useful resource to enable legal practitioners to provide efficient and professional legal advice to people living with HIV in such contexts as the workplace, access to healthcare, and the rights of women and children. Even more importantly, the book aims to create greater awareness amongst lawyers that HIV is a daily reality for over 6 million South Africans, to emphasise that law professionals can and must play an active role in the fight against HIV and AIDS and to give them the essential knowledge required to do so.

Principles of Delict. / JR Midgley, JC Van Der Walt

LexisNexis Butterworths, South Africa 2016

9780409127119

\$ 65.00 / PB

Principles of Delict serves as a practical first port of call to the South African law of delict.

The Fourth Edition surveys cases since 2005, presents a comprehensive overview of developments in the law and illustrates how the Constitutional Court and the Supreme Court of Appeal, especially, have shaped traditional principles to coincide with modern human rights values. It follows the LAWSA format of focusing primarily on case law and extracting therefrom general principles that may guide those who advise on and apply the law of delict.
