Migrating to AUSTRALIA : good meh??? / Ken Soong & Michael Soong
Gerakbudaya Enterprise, Malaysia 2013

Xiv, 144p.
9789832344186
\$ 14.00 / PB
240 gm.

Migrating to Australia, Good Meh? by Michael and Ken Soong, two brothers that have been living in Australia for quite some time. This book presents the bitter sweet (and sour) truth based on the authors' experiences as Malaysian migrants living in Australia - from the perspectives of not only Malaysians but also South East Asians; about the so called more 'equal' opportunities, advanced, liberal, democratic, laissez-faire ways of life in the land of Australia which supposed to be better than Malaysia in any way and every respect!

Is Australia all rosy, nice, and dandy? The short answer is 'yes' and 'no'. The long answer is not too long either as you can see the book is not a thick one at all. While this book is not some sort of a 'one size fits all' instruction manual of migrating and living in Australia, the authors do believe it contains some noteworthy discussions and anecdotal accounts that can shed light on the dilemmas, ironies, opportunities, challenges, hopes, despair, frustration, excitements, and emotions.

Human Trafficking in Thailand : Current Issues, Trends, and the Role of the Thai Government / Siroj Sorajjakool

Silkworm Books, Thailand 2013

235p.; 21cm.
tables, notes, bibliog., index
9786162150609

\$ 25.00 / PB
300 gm.

Few subjects elicit greater moral outrage than human trafficking. Media reports of dehumanizing practices such as slavery, abduction, child prostitution, and torture, along with shocking statistics, form the basis of public knowledge. Those who work closely with victims acknowledge the complexity of the issue, and it is this complexity, rather than loose statistics and conjecture, that deserves our attention.

With sensitivity and candor, this book addresses the reality of human trafficking in Thailand, dissecting studies, presenting facts, and dismissing stereotypes. It focuses on the areas of fishing, agriculture, domestic work, sex work, and the trafficking of children, weaving individual narratives and official studies into the wider history of Thailand's changing economy and labor situation. It also details how the Thai government has addressed the issue, reflects on the roots of human exploitation, and suggests a way forward.

This book raises much-needed awareness of commonly held misconceptions and clarifies what we know and what we have yet to discover about the trafficking of persons to and from Thailand.
