Thailand Unhinged: Unraveling the Myth of a Thai-Style Democracy /
Federico
Ferrara
Singapore: Equinox Publishing (Asia) Pte. Ltd., 2010
152p. ; 23cm.
ISBN-13: 9789793780764
\$ 16.95

Thailand Unhinged: Unraveling the Myth of a Thai-Style Democracy offers a trenchant analysis of Thai politics and society over the tumultuous years that followed the ouster of former Prime Minister Thaksin Shinawatra. Thailand's ongoing political crisis is explained through the prism of the country's painful post-absolutist history a history marred by the systematic sabotage of any meaningful democratic development, the routine hijacking of democratic institutions, and the continued suffocation of the Thai people's democratic aspirations orchestrated by an unelected ruling class in an increasingly desperate attempt to hold on to its power.

The book includes scathing critiques of both Thaksin's administration as well as the military-backed government that came to power in late 2008, following the week-long siege of the country's busiest airports staged by the "yellow shirts" of the People's Alliance for Democracy. The essays are written in a provocative, confrontational style making Thailand Unhinged a decidedly unconventional mix of academic scholarship, literary journalism, and radical pamphleteering.

Pandemic Preparedness in Asia / Mely Caballero-Anthony (Edited)

Singapore: S. Rajaratnam School of International Studies, 2009

xii. 138p. ; 23cm.

ISBN-13: 9789810838096

RSIS Monograph No. 16

\$ 20.00

It is not known when, or where, the next deadly infectious disease will emerge, or how it will spread around the world. Are Asian countries prepared for a pandemic? How are National Pandemic Preparedness Plans to be operationalized at the local level? Are there critical gaps in current planning? Which indicators can accurately determine comprehensive pandemic preparedness frameworks? What are the roles of different societal actors and how are they defined? What are the prospects of enhancing regional cooperation in preparing for pandemics and other public health emergencies?

These are some of the questions that this monograph aims to address. It does so by bringing together selected papers presented at a conference on Pandemic Preparedness in Asia, held in Singapore in January 2009. The conference was an integral part of the S. Rajaratnam School of International Studies' broader project on understanding and assessing the capacity of states and societies in Asia to manage transnational threats, as well as to contribute to the development of crises-management mechanisms in the region.

Collaboration under Anarchy: Functional Regionalism and the Security of East

Asia / See Seng Tan (Edited)

Singapore: S. Rajaratnam School of International Studies, 2009

RSIS Monograph No. 15

Report of the Study Group for the Sentosa Round table on Asian Security 2009

\$ 12.00

Today, common concerns are driving East Asians to collaborate in ways unimaginable a few years ago. In particular, recent developments in the financial, energy, health, anti-transnational crime, and other sectors suggest that "functional cooperation" - technical collaboration based on common interests or issues - is on the rise among East Asian states. Collaboration under Anarchy brings together ten leading experts who assess the prospects for deeper and more extensive cooperation in various "non-traditional" sectors of security, as well as the views of several regional powers and of ASEAN on functional cooperation within and by their region. Their analyses suggest that functional cooperation, while not without difficulties, could however prove indispensable to realizing East Asia's collective aspirations for prosperity, security and order.

The 2008 Mumbai Terrorist Attacks: Strategic Fallout / Rajesh Basrur, Timothy Hoyt et al

Singapore: S. Rajaratnam School of International Studies, 2009

106p. ; 23cm.

ISBN-13: 9789810846848

RSIS Monograph No. 17

\$ 12.00

The terrorist attacks on Mumbai in November 2008, which killed 166 people, exposed India's vulnerability to organised armed violence, precipitated a fresh downturn in India-Pakistan relations and alerted the world to the threat of commando-style terrorist assaults. This monograph systematically assesses the national, regional and global implications of the incident.

For two thousand years the disparate groups that now reside in Zomia, a mountainous region the size of Europe that consists of portions of seven Asian countries, have fled the projects of the organized state societies that surround them - slavery, conscription taxes, corvee labor, epidemics, and warfare. Significantly, writes James C. Scott in this iconoclastic study, these people are not innocents who have yet to benefit from all that civilization has to offer; they have assessed state-based "civilizations" and have made a conscious choice to avoid them. The book is essentially an "anarchist history," the first-ever examination of the huge literature on state-making that evaluates why people would deliberately and reactively remain stateless. Among the strategies employed by the people of Zomia to remain stateless are physical dispersion in rugged terrain; cropping practices that enhance mobility; pliable ethnic identities; devotion to prophetic, millenarian leaders; and maintenance of a largely oral culture that allows them to reinvent their histories and genealogies as they move between and around states.

The Art of Not Being Governed challenges us with a radically different approach to history that views from the perspective of stateless peoples and redefines state-making as a form of "internal colonialism." In contrast to the Western ideal of the "social contract" as fundamental to state-making, Scott finds the disturbing mechanism of subjugation to be more in line with the historical facts in mainland Southeast Asia. The author's work on Zomia represents a new way to think of area studies that will be applicable to other runaway and fugitive communities, be they Gypsies, Cossacks, tribes fleeing slave-raiders, Marsh Arabs, and San-Bushmen.

We were out of range of the all-hearing tape recorders when he whispered, as I recall, something like this to me: Tom, the book will have to have critical and negative stuff in it. I know, don't worry about me. Just write me up exactly as you see me. Let the chips fall where they may. Tell

the true story of me, as you see it. That's all I ask.

Political genius is never without controversy, or without mystery. This is what makes it so interesting and so rare. So who is Lee Kuan Yew, the celebrated Asian political intellect, foremost exponent of Asian values and nation-builder?

Following two days of intensive and exclusive interviews held in Singapore in July 2009, Tom Plate presents a stunning political portrait of one of the world's leading statesmen in almost in a manner reminiscent of the British journalist David Frost in his legendary interviews with Richard Nixon. Though not as confrontational, these conversations sought, as Frost did, to answer the elusive question: what kind of man is this famous leader, really?

Often surprising, sometimes startling, occasionally humorous and never, ever dull this richly detailed volume offers a captivating insight into LKY, the director of the blockbuster that is Singapore.

State and Secularism: Perspectives from Asia / Michael Heng Siam-Heng & Ten

Chin Liew (Eds.)

Singapore: World Scientific Publishing Co. Pte. Ltd., 2010

x. 364p.; 24cm

ISBN-13: 9789814282376 (HB)

\$ 83.00

The concept of a secular state is important in many parts of Asia and how this is resolved has important implications for the social, economic and political development of various Asian countries. Unfortunately, problems of the secular state have all along been studied based on the historical experience of state formation in Europe, with little (or no) input from the Asian perspective. This book will for the very first time, present mainly Asian perspectives, while drawing on Western experience as well. Conceptual issues are discussed together with detailed accounts on how different countries and traditions understand and seek to implement the ideas of a secular state.

The New Central Asia: The Regional Impact of International Actors / Emilian

Kavalski (Edited)

Singapore: World Scientific Publishing Co. Pte. Ltd., 2010

xvi. 346p. ; 24cm.

ISBN-13: 9789814287562 (HB)

\$ 88.00

This book focuses on Central Asia's place in world affairs and how international politics of state-building has affected the Asian region, thus filling the gaps in ongoing discussions on the rise of Asia in global

governance. It also attempts to generalize and contextualize the i°Central Asian experiencei± and re-evaluate its comparative relevance, by explaining the complex dynamics of Central Asian politics through a detailed analysis of the effects of major international actors i© both international organizations as well as current and rising great powers.

CHINESE COMMUNITY LEADERSHIP: Case Study of Victoria in Canada / David
Chuenyan Lai
Singapore: World Scientific Publishing, 2010
284p.
ISBN: 9789814295178
\$ 58.00
This book presents an in-depth research into 125 years of the history
of the Chinese Consolidated Benevolent Association in City of Victoria as a
case study of Chinese community leadership and operation of a Chinese
government within a municipal government in Canada. It does not examine only one
association in one city. Instead, it provides an overview of the
socio-economic and political activities of the Chinese in Canada
before the turn of the twentieth century, their relationship with Western
communities, and the Association's inter-relationship with China and other parts
of the world. The book also includes a history of the origins of 17 Chinese
Benevolent Associations in other Chinese communities across Canada.

SNOW ON THE PINE: Japan's Quest for a Leadership Role in Asia / Kyoko
Hatakeyama & Craig F Freedman
Singapore: World Scientific Publishing, 2010
512p.
ISBN: 9789814289993
\$ 110.00

Snow on the Pine presents a compelling view of the Japanese foreign
policy that runs counter to the common wisdom reducing Japan's post-war
efforts to the pursuit of purely commercial interests. This book takes a new
approach iª the eventual Japanese defeat in the Second World War did not
transform Japan into an i°exceptional statei± seeking only economic interests. Like
any other nations, economic issues have always played a crucial role in policy
decisions. However, this is but only one amongst the many interweaving

threads determining foreign policy decisions.

In the authors' eyes, Japan's foreign policy is characterized by the drive to dominate and influence the East Asia region, which has been a consistent motivation since the days of the Meiji restoration. Thus, the post-war period in this analysis provides a continuation rather than a break with the country's previous history. Tactics, and even strategies, may have changed over time to meet the challenges of the ever evolving economic and political environments but the overall objective has essentially remained constant.

The snow melts, but the pine endures.

xix. 427p.; 24cm

ISBN-13: 9789812836724 (HB)

Series on Contemporary China i© Vol. 19

\$ 98.00

A sequel to the author's trailblazer (China's Elite Politics: Political Transition and Power Balancing, published by World Scientific in 2007), this book tackles the issue of governance in China. It provides up-to-date information on China's political elites and evaluates their ability to deal with crises through four case studies: Snowstorm in the South, the Tibet issue, the Sichuan Earthquake, and the Beijing 2008 Olympic Games. Along with China's Elite Politics: Political Transition and Power Balancing, this book provides rich empirical information on and insightful theoretical understanding of national-level politics in China and serves as a good reference source for students of Chinese politics

With the collapse of the Berlin wall and the emergence of a unipolar world, new issues such as globalization, international terrorism, European Union, African Union, United Nations Reforms, Millennium Development Goals, Transnational Corporations and New Partnership for African Development, have taken the center stage, displacing old issues such as Cold War, Non-alignment, North i© South dialogue, New International Economic Order, among others. A book of this nature, based on recent developments within the field of international relations, will not only facilitate a better understanding of the field, but will positively stimulate fresh study and research on the new world order. It is intended to fill the yearning gap in literature on the new world order since the end of the cold war and

the announcement of the obituary of socialism.

This book, with contributions from Africa, Asia, Europe and the
Middle East, provides very useful theoretical and empirical insights into the role
of language in gender relations, political manoeuvring and socio-political mobilization. It
also provides useful contributions on the role of proverbs in political, literary, historical
and social settings. The issues in the book are treated with impressive depth and
authority. Scholars and individuals who are interested in language, gender and politics
will find it invaluable.

Capacity for Peacebuilding: An Introductory Manual

Lagos, Nigeria: Heinrich Boll Stiftung, 2008

102p. ; 29cm.

\$ 6.00

Peacebuilding and conflict management training became a topical issue
in Nigeria in the late 1990s following the high level of unrest that was
found in the wake of establishment of civilian rule after the many years of

military dictatorship. Over the past few years, training of different target groups in conflict management and peacebuilding has become a key working area for many structures and institutions traditionally involved in human rights and development.
