9789629968243

\$ 60.00 / PB

1256 gm.

The book covers the major areas of Hong Kong taxation—profits tax, salaries tax, property tax, personal assessment and stamp duty. It also includes a chapter giving a general overview of international tax issues and how they pertain to Hong Kong. This issue also contains general observations on the final reports issued in 2015 on the G20 and OECD Base Erosion and Profit Shifting (BEPS) project.

The book explains the principles and practice of Hong Kong taxation law with relevant Court and Board of Review decisions and contains numerous practical examples. The current edition includes legislative changes to 30 June 2016, the latest developments in Hong Kong taxation including the introduction of a Corporate Treasury Centre regime and the ongoing implementation of the global standard of Automatic Exchange of Information, and other tax transparency initiatives. A new chapter has also been included that examines the taxation of special entities such as partnerships.

\$ 125.00 / PB

This publication provides a contemporary overview of this rapidly expanding field of law and offers a clear overview of the legislation that governs environmental issues and seeks to explain the legal approach adopted by the court and relevant agencies.

The destruction of the environment is an ongoing global problem. In Malaysia, with the rapid increase of development, comes desolation of the environment. Malaysia has had environmentally-related legislation since the early 1920s. Despite that, legislation relating to the environment is still limited in scope and is insufficient for handling current environmental problems which are more complex in nature. The Environmental Quality Act 1974 was brought into force to address, prevent and control, pollution and environmental quality. The Act is necessary to curb soaring environmental problems that occur as a result of the rapid advancement of technology and modern industries. On top of that, the Act is also essential for the preservation and conservation of environmental sustainability. This publication provides a contemporary overview of this rapidly expanding field of law and offers a clear overview of the legislation that governs environmental issues and seeks to explain the legal approach adopted by the court and relevant agencies. Ismail Shariff's Islamic banking and finance : the law and practice in Malaysia /  
Mohamed Ismail Shariff

CLJ Publications, Malaysia 2016

1v.

9789674570682

\$ 120.00 / HB

There is some degree of ignorance about the true basis of Islamic banking and finance among bankers (even Islamic bankers), lawyers and the general public who are the ultimate users of the system. The tendency is to think of Islamic banking and finance in conventional terms and to compare the former to the latter. This will lead to a misunderstanding of the true nature of the system. Ismail Shariff's Islamic Banking and Finance: The Law and Practice in Malaysia seeks to fill some of the void that currently exists in the market. It covers many areas of the emergent banking system that is novel and intriguing to many who are not familiar with Islamic principles of finance.

1v.

9789814608374

\$ 90.00 / PB

A book tailored to provide a basis for understanding the role of comparative legal study in an increasingly interconnected world.

This book takes a novel approach to the area of comparative legal study by identifying eight orienting propositions that together inform the study of "comparative law", or as this book tends to prefer, "comparative legal systems". Thus, this book is not so much a recitation and summary of comparative law concepts, but rather an operational road map for approaching the area. Taken together, the eight propositions reflect certain central themes that define the area for scholars while offering practitioners and informed observers a guide for understanding and navigating the forces shaping the evolving international legal environment. A book tailored to provide a basis for understanding the role of comparative legal study in an increasingly interconnected world

Understanding Lawyers' Ethics in Singapore / Alvin Chen (Author) Helena Whalen-Bridge (Author)

LexisNexis, Singapore 2016

1v.

\$ 100.00 / PB

Understanding Lawyers' Ethics in Singapore sets out the essence of key ethical rules, principles and standards in Singapore's regulatory regime for legal practitioners. Focusing on the new professional conduct rules which came into force on 18 November 2015, this book examines how judicial conceptions have shaped lawyers' ethics in Singapore and provides commentary on the principles-based approach underlying the new rules. It is highly recommended for all legal practitioners practising law in Singapore. It also assists academics and students in understanding the important role that lawyers' ethics play in promoting the administration of justice in Singapore.

Criminal Law in Myanmar " A commentary on the Myanmar Penal Code that describes and critically evaluates the general principles of criminal responsibility contained in the Code / Chan Wing Cheong (Author) , Michael Hor (Author) , Mark McBride (Author) , Neil Morgan (Author)

LexisNexis, Singapore 2016

1v.

\$ 180.00 / PB

The first of its kind, this commentary on the Myanmar Penal Code describes and critically evaluates the general principles of criminal responsibility contained in the Code with a view to assisting the application of the law. The major offences against the person and property are examined. Leading cases from Myanmar, India, Malaysia and Singapore are considered along with relevant cases from other jurisdictions. Given the antiquity of the Penal Code, this commentary engages with a law reform exercise for each topic covered. The end product is a "General Part" for inclusion in the Penal Code, comprising precise and comprehensible provisions reflecting contemporary views about criminal responsibility. Key Features - Comprehensive analysis of the general principles of criminal responsibility in Myanmar. - Analysis of the major offences against the person and property in light of the general principles of criminal responsibility. - Review of all major relevant cases from Myanmar, India, Malaysia and Singapore. - Placing the law in a historical and theoretical context pointing to its strengths and weaknesses, and suggesting potential reform to bring the law into the 21st Century.
